SUMMARY

Architectural designer with 10+ years of international experience leading projects across scales and contexts. My work spans adaptive reuse, interiors, housing, and civic architecture. I bring strategic thinking, technical precision, and a research-driven lens focused on memory, spatial equity, and the cultural role of architecture.

PROFESSIONAL EXPERIENCE

Founder / Project Manager / Lead Designer

Ana Krstivojevic Studio, Belgrade and NY

2022–Present (3 years)

- + Led projects from concept to completion across residential, commercial, and hospitality sectors, with teams across New York, France, Serbia, and UAE.
- + Oversaw CD sets, code compliance, and permit processes in multiple jurisdictions.
- + Specialized in adaptive reuse, bespoke interiors, and cross-cultural project coordination.
- + Produced full technical documentation and ensured high-quality execution, budget control, and timely delivery.

Key Projects:

Manhattan Townhouse Renovation (NYC) w/ DHD Architecture
Private Villa Renovation (French Riviera) w/ Agence Faragou
NIS Gazprom Drive Café (Serbia) – HQ café and retail concept
Fount Shop (Abu Dhabi) – temporary retail concept w/ Slash Architect

Senior Architect / Project Architect

PMC Engineering, Belgrade

2015–2022 (7 years)

- + Managed large-scale residential and industrial projects, supervising design teams and coordinating full documentation for permitting and tender.
- + Integrated architectural and engineering systems, balancing functionality with clarity in execution.
- + Oversaw projects up to 1,000,000 sq ft, including residential, educational, and defense-sector facilities.

Notable Work:

Jakub Kuburović Residential Complex (1M sq ft)
Blok 32 Housing & Commercial Block (400K sq ft)
Kindergarten in Loznica – full design and documentation
Ammunition and Vehicle Factory Facilities (Serbia & Algeria)

Project Architect / Junior Architect

PZC Architects, Paris

2011–2015 (1 year + 3 years part-time)

- + Collaborated one-on-one with an award-winning architect, gaining deep insight into high-end residential design.
- + Led bespoke millwork, furniture, and textile details, merging artisan craftsmanship with luxurious finishes to elevate living spaces.
- + Translated concepts into precise construction documents, ensuring code compliance and smooth execution.

EDUCATION
